

48 Express

Take the helm of the 48 Express and see for yourself how it out performs all other sportfishing boats on the water. The 48 Express punches through 6-foot head seas at 30 knots, its beautifully flared bow throws off every drop of water before it gets to the windshield. Try that on one of the competitor's boats and you'll be under a waterfall. Also, impressive, the 48 Express has unmatched visibility from the bridge deck at any speed. Born to fish the canyons, the 48 is as much at home cruising the islands with your family and friends.

Construction / Exterior

- Premium gelcoat exterior finish featuring advanced composite construction
- All exterior cleats are reinforced with solid metal backing plates
- All underwater appendages are bonded

Hardware & Outfitting

- Hawse pipes
- Solid stainless steel 1" rubrail/molding on sheer and guards
- Stainless steel cleats
- Stainless steel line chock
- Stainless steel water-fill deck plate

Mechanical
